

Planing system machinist with readiness for shift work (m|f|d)

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

Your tasks

- The operation and maintenance of our two planing machines, which are used for planing and profiling solid wood, are among your main tasks.
- You think actively and are a valuable support in the design of our processes and production sequences while complying with the required qualities and deadlines.

Your skills and experience

You have completed vocational training as a sawyer, carpenter or joiner and have perhaps already gained practical experience in the use of computer-controlled woodworking equipment. Good computer skills are an advantage. You are an independent, resilient and down-to-earth team player as well as a doer who is willing to take on responsibility.

We offer

We offer you an interesting job in a successful and innovative company where active thinking is valued and you can develop yourself further. In addition to a positive working atmosphere in an open-minded team, we also offer an appreciative working environment.

Have we aroused your interest? Then we look forward to receiving your application documents.
