

Project Manager Timber Construction (w|m|d)

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

Your tasks

- In this role, you are responsible for the planning, budgeting, scheduling and quality control of our projects.
- With your expertise, experience and organisational skills, you plan and coordinate our construction projects nationally and/or internationally.
- You enjoy managing the employees and partner companies involved in the project.
- You are aware that complex projects can be successfully completed through respectful cooperation.
- Whether it's internal project coordination, planning with internal and external partners or on-site inspections and controls at the construction sites - as a project manager, you experience the fascination of wood at first hand.

Your skills and experience

You are a trained carpenter with further training as a timber construction technician or you have a degree in engineering. Perhaps you have already gained experience as a project manager and would like to deepen your knowledge. You also have a sound technical understanding, can control processes and develop promising solutions. Business fluent German, English and good CAD skills (Cadwork and/or Rhino) are a matter of course for you.
