

Project Manager Remodeling

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in a sustainable value-added cycle. Our employees are committed to a wide variety of customer projects at our headquarters in Gossau SG, at our sites in Switzerland, Germany and Luxembourg, and all over the world.

Tasks

- You will take on the project management of conversions, extensions, small buildings and carpentry work and carefully plan our regional construction projects.
- You are responsible for work planning, budgeting, scheduling and quality control.
- You will manage the employees involved in the project and maintain direct customer contact.

Requirements

You are a trained carpenter with further training or on your way to becoming a timber construction foreman or foreman. Perhaps you have already gained experience as a project manager and would like to deepen your knowledge. With your experience and organizational skills, you are a valuable interlocutor who tackles projects with joy and passion, implements them and leads them to success.

We offer

We offer you a very interesting and varied role in which you can bring your full potential to bear. We also offer you a tradition-conscious and innovative environment with a good working atmosphere and honest dealings. You can expect a small carpentry team that acts and communicates with respect and trust.

Have we piqued your interest? We look forward to receiving your application documents.
