

Career changer

Klosterlechfeld, Germany

As a leading company in silo and system construction, we offer complete solutions for winter road maintenance. From small-volume silos to fully automated winter service bases, we implement individual complete solutions throughout Europe and advise, design, plan and install systems of all sizes. And there's more: we refurbish and modernize existing systems and also provide service and maintenance. At our branch in Klosterlechfeld, we produce conveyor technology, weighing systems, tank systems and control systems. Our employees are on the road both locally and throughout Germany, neighboring countries and, in some cases, the rest of Europe.

Tasks

- Installation of complete winter service systems.
- Carrying out pipework installations.
- Repair of mechanical components and existing systems.
- Creation of fitting cabinets according to 2D and 3D plans
- Conversion and repair of systems.
- Installation of our own products (e.g. pumps, ball valves and fittings).
- Alternating activities between office and field service.

Requirements

- Completed training in the technical or craft sector
- Very good communication skills, social skills, ability to work in a team and flexibility
- Desirable: Experience in the assembly of mechanical equipment
- Desirable: Experience in the assembly of electrical equipment
- Manual dexterity
- Independent, autonomous and reliable way of working
- Willingness to travel from Mon - Fri (approx. 50-60 %)
- Driving license class B

We offer

We will provide you with an individual induction so that you are optimally prepared for your tasks. We offer you a permanent employment contract with regular working hours without shift and weekend work. We will also provide you with high-quality work clothing and modern service vehicles. You will benefit from above-average pay, 30 vacation days and above-average travel allowances. You can also expect a secure job in a successful, international company. Regular training, further training and additional qualifications are also encouraged.

We look forward to receiving your application documents via our homepage.
