

Metalworker (m|f|d)

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann utilises the diverse potential of wood innovatively and in a sustainable value-added cycle. Our employees are committed to a wide variety of customer projects at our headquarters in Gossau SG, at our sites in Switzerland, Germany and Luxembourg, and all over the world.

Tasks

- You will produce various steel parts for internal use in timber construction and weld them to standard.
- You check work plan documents and create welding instructions to ensure smooth production.
- You will carry out visual weld seam inspections and ensure compliance with our high quality standards.
- Incoming and outgoing goods inspections are also part of our daily business.

Requirements

You have completed vocational training as an EFZ metalworker, EFZ plant and equipment fitter or similar. You already have (advantageous) experience in MIG and MAG welding. You are technically adept and ambitious to continuously optimise our production. You take responsibility, are proactive and have a high level of quality awareness.

We offer

We offer you an exciting job in a successful and future-orientated company. In a safe working environment, you can contribute and develop yourself. With us, you will find a collegial working atmosphere, an appreciative exchange of ideas and the necessary sense of humour.

We look forward to hearing from you. Simply get in touch with a 'short application'. Of course, you can also submit your application documents via our online application form.
