

Service technician

Klosterlechfeld, Germany

As a leading company in silo and system construction, we offer complete solutions for winter road maintenance. From small-volume silos to fully automated winter service bases, we implement individual complete solutions throughout Europe and advise, design, plan and install systems of all sizes. And there's more: we refurbish and modernize existing systems and also provide service and maintenance. At our branch in Klosterlechfeld, we produce conveyor technology, weighing systems, tank systems and control systems. Our employees are on the road both locally and throughout Germany, neighboring countries and, in some cases, the rest of Europe.

Tasks

- Checking the technical system components of salt and brine systems
- Maintenance & repair of the systems
- Assembly and commissioning of our own products
- Preparation of service assignments with regard to tool and material requirements
- Independent support of a service area
- Sale of maintenance contracts, modernizations and spare parts
- Technical advice for customers
- Further education and training opportunities with expert examination
- Alternating activities between office and field service
- Translated with DeepL.com (free version)

Requirements

- Completed training in the technical field (e.g. mechatronics technician, industrial mechanic, plant fitter, electrician or similar)
- Very good communication skills, social skills, ability to work in a team and flexibility
- Experience in the assembly of electrotechnical equipment and mechanical plant components
- Manual dexterity
- IT skills
- Customer-friendly demeanor and well-groomed appearance
- Independent, autonomous and reliable way of working
- Willingness to travel from Mon - Fri (approx. 40-60 %)
- Driving license class B
- Translated with DeepL.com (free version)

We offer
