

# Team leader for element and module production (m|w|d)

Grossenlüder, Germany

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

## Your tasks

- You take responsibility for the completion of our floor and ceiling elements, our wall elements or our room modules.
- In addition, process optimisation and quality assurance are close to your heart.
- With your forward-looking nature, you are able to lead your own team.
- You like to keep an overview and contribute to good communication within the company.

## Your skills and experience

You have completed an apprenticeship as a carpenter, joiner or drywall constructor or have another basic training in the building trade. You like to lend a hand, can quickly familiarise yourself with new tasks and have the courage to take on responsibility. Even if you are a career changer, we are happy to give you the chance to contribute your manual skills and leadership competence to the company.

### **Our offer**

We offer you an interesting challenge in an innovative and down-to-earth company with a good working atmosphere and an appreciative working environment. You can expect a dynamic team that communicates and acts with respect and trust.

We look forward to receiving your application documents via our homepage.
