

# Sales | Calculation GU (m|f|d)

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann utilises the diverse potential of wood innovatively and in a sustainable value-added cycle. Our employees are committed to a wide variety of customer projects at our headquarters in Gossau SG, at our sites in Switzerland, Germany and Luxembourg, and all over the world.

## Tasks

- You will be responsible for the costing of general contractor projects based on functional tenders.
- You will prepare tender documents, including specifications, project analyses, contractor details and construction programmes.
- You will work closely with internal and external architects to carry out project planning.
- Our customers value you as a competent and honest contact person.

## Requirements

You have completed training as a technician (architect) and may have already been responsible for calculations in a general contractor area. You don't have to be a timber construction specialist, but you must have a basic knowledge of all trades. As a project manager or general contractor site manager, you have already gained valuable experience in processing public tenders and would like to expand and deepen this. You are a team player, work in a structured manner and have a high level of commitment and flexibility. Confident German and good CAD skills are a matter of course for you.

## We offer

We offer you an interesting and varied position in which you can realise your potential. An innovative company in which the defined values such as respectful, appreciative, connected and familiar await you.

Faszination Holz
