

Master carpenter modular construction (m|f|d)

Grossenlüder, Germany

As a leading company in the wood industry as well as in wood and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in a sustainable value creation cycle. Our employees are committed to a wide variety of customer projects at the headquarters in Gossau SG, at locations in Switzerland, Germany and Luxembourg and around the world.

Tasks

- You will work on the production of our room modules and support the production line and process optimization
- You are responsible for our training program
- Support and supervision of trainees
- You are a valuable specialist in the woodworking trade who works independently and conscientiously in our production facility with joy and commitment
- Regardless of the weather, you will produce quality in the Grossenlüder team in our workshops

Requirements

You have completed training as a carpenter and have obtained a master's degree. You like to lend a hand, can quickly familiarize yourself with new areas of responsibility.

We offer

We offer you an interesting challenge in an innovative and down-to-earth company with a good working atmosphere and an appreciative working environment. You can expect a dynamic team that communicates and acts with respect and trust.
